

Prepared by: Digital Friday Studios

Date: August 1, 2026

Introduction

Thank you for taking the time to meet with us.

We appreciate the opportunity to learn more about Auto-Centrix and the quality service your team has consistently provided to the community.

At Digital Friday Studios, we don't simply build websites—we help local businesses establish a stronger digital presence that supports growth, builds customer confidence, and improves how people discover and engage with their business online.

This proposal presents our observations and recommendations for how Auto-Centrix can strengthen its online presence through a comprehensive web solution.

Our Initial Assessment

During our research, we found that Auto-Centrix has established credibility through years of automotive repair services and customer relationships. However, your online presence does not yet fully reflect the professionalism and expertise customers experience when they visit your shop.

Today, many vehicle owners search online before deciding where to bring their cars for maintenance or repairs. They often compare businesses based on the information they can quickly find—services offered, customer reviews, photos, contact details, and overall professionalism.

This presents an opportunity for Auto-Centrix to better showcase its strengths and stand out in an increasingly digital marketplace.

Our Proposed Web Solution

Rather than focusing on a website alone, we propose building a digital ecosystem that works together to support your business.

Our solution includes:

Professional Business Website

A modern platform that serves as the foundation of your digital presence and communicates professionalism, trust, and credibility.

Search Visibility (SEO)

Improve the likelihood of customers finding Auto-Centrix when searching for automotive services in Davao City and nearby areas.

Brand Presentation

Present your business through professional visuals, service information, and messaging that reflects the quality of your work.

Customer Experience

Provide customers with easy access to:

- Services offered
- Business hours
- Contact information
- Shop location
- Inquiry forms
- Mobile-friendly browsing

Digital Trust

Strengthen customer confidence through:

- Professional presentation
- Consistent branding
- Customer testimonials
- Workshop and service photos
- Business information presented clearly and accurately

Sample Digital Experience

To demonstrate the quality of our work, we've prepared an automotive-themed web concept.

Prototype:

<https://halcyon-motors.david-jad.workers.dev/>

This demonstration is **not** intended to represent Auto-Centrix directly. Instead, it illustrates the level of quality, usability, and professionalism that we can customize specifically for your business.

Benefits to Auto-Centrix

Implementing a stronger web presence can help:

- Increase online credibility.

- Build trust before customers visit.
- Make business information easier to access.
- Improve visibility on search engines.
- Reach customers who primarily search online.
- Present Auto-Centrix as an established and modern automotive service provider.
- Create a stronger first impression for potential customers.

Why Digital Friday Studios?

We specialize in helping local businesses transform their online presence into a valuable business asset.

Our approach combines:

- Modern web design
- Strategic digital branding
- User experience
- Search optimization
- Mobile responsiveness
- Business-focused digital solutions

Every recommendation we make is centered on helping businesses communicate their value more effectively—not simply creating another website.

Moving Forward

We would be honored to work with Auto-Centrix in strengthening its digital presence.

Should you be interested, we'd be happy to schedule another meeting to discuss your goals, answer any questions, and explore how we can tailor our web solutions to support the continued success of your business.

Thank you once again for your time and consideration. We look forward to the opportunity to partner with Auto-Centrix.
